

Tanya Laschuk

Statement of Interest

February 5, 2026

I am currently serving as an Associate Director on the Pathwise Board, where I actively contribute as a member of the Governance Committee and Risk Committee.

Professionally, I bring a strong governance, risk, and compliance background, with experience supporting boards, advising on regulatory expectations, and strengthening oversight frameworks. Over the past 12 months, I have completed all CCUA director education courses and will be eligible to write the designation exam in 2027, following two years of board service.

I am seeking election to the Board because I am deeply committed to Pathwise's cooperative values and long-term sustainability. During my term as Associate Director, I have participated fully in all board and committee meetings, carefully reviewed materials, asked thoughtful questions, and contributed diverse perspectives. I also participated in the interim CEO search and have brought forward practical suggestions to enhance governance effectiveness.

Members should vote for me because I am engaged, prepared, and committed to continuous learning. I bring a balanced, risk-aware lens, strong governance discipline, and a genuine dedication to serving members' best interests.
